

Shubham Jayswal

Full Stack Web Developer

jayswalshubham03@gmail.com | +91-7490836140 | LinkedIn | GitHub | Portfolio

PROFESSIONAL SUMMARY

Full Stack Developer with 2 years of experience in MERN stack, payment gateway integration, and scalable web applications. Proven expertise in building production e-commerce platforms, RESTful APIs, and responsive applications with focus on performance optimization and security best practices.

TECHNICAL SKILLS

Frontend: React.js, Next.js, JavaScript (ES6+), HTML5, CSS3, Redux, Tailwind CSS, React Native

Backend: Node.js, Express.js, RESTful APIs, Payment Gateways, JWT Authentication, Webhooks, OAuth 2.0

Database & Cloud: MongoDB, PostgreSQL, AWS S3, Redis, Query Optimization

Tools: Git/GitHub, Postman, VS Code

PROFESSIONAL EXPERIENCE

Software Developer

June 2024 - August 2026

Moshi Moshi - The Communication Company, Bengaluru

Frozen Fun

Live

- Built end-to-end full-stack solution for an ice cream brand using Next.js on the frontend and Node.js with Express.js on the backend, with MongoDB as the primary database
- Implemented Redis caching layer for frequently accessed data, significantly reducing API response times and improving overall platform performance
- Integrated Razorpay payment gateway with secure webhook handling for reliable order payment processing

Kuku — E-commerce Platform

Live

- Architected full-stack marketplace using Node.js, Express.js, React.js, and MongoDB serving 500+ active users
- Built backend APIs for order management, product catalog, inventory workflows, and logistics integration
- Engineered responsive frontend modules using React.js and Tailwind CSS for product browsing, wishlist, shopping cart, and real-time order tracking
- Coordinated with seller, logistics, and QA teams for seamless order lifecycle management

Bar Code India

Live

- Created content management system for blogs, case studies, and media resources with admin dashboard
- Built RESTful APIs using Express.js for content creation, editing, and publishing workflows
- Optimized SEO and page load speeds, increasing organic traffic by 40%

Kesariya B2B Application

Live

- Developed complete B2B e-commerce solution with Next.js admin panel and React Native mobile app for 200+ active buyers
- Created dynamic admin dashboard with drag-and-drop interface for real-time homepage customization and role-based access control
- Integrated Razorpay payment gateway with webhook handling and AWS S3 for optimized product image management

EDUCATION

Full Stack Web Development Program

April 2023 - December 2023

Masai School, Bengaluru

- Completed 1200+ hours intensive training in MERN stack, DSA, and software engineering best practices
- Built 10+ full-stack projects including e-commerce platforms and RESTful APIs with agile methodology
- Gained expertise in React.js, Node.js, Express.js, MongoDB, Git/GitHub, and deployment strategies

CERTIFICATIONS & ACHIEVEMENTS

- Full Stack Web Development Certification from Masai School with distinction
